

ESH Coordinator's Meeting

**S2 (Safety Solutions) Program
and the new
S3 (Safety Recognition) Initiative**

R. Selvey, SHSD IH Group
May 24, 2006

S2 Proposals for 2006

- **48 Submissions**
- **S2 Council reviewed and ranked**
- **10 “Highest” are to be forwarded to senior management for possible funding [after appropriate Safety Committee approval]**

Note:

The ranking does not necessarily reflect the S2 Council's impression on the basic merits of a project.

It reflects a combination of many factors including: cost, applicability lab wide, degree of hazard abated, cost-benefit ratio, other potential sources of funding, and the impact of the cost of the project on the balance of S2 submittals.

S3 Initiative

Employee Recognition for Outstanding Safety Performance

- Similar to the Environmental Stewardship award.
- ESH&Q ALD will champion this program.
- It will be run via the OHSAS 18001 program and be administered by SHSD.

S3 Initiative

Submission Forms and ranking criteria will be distributed to line organizations

- Single act of outstanding nature
- Multiple or sustained effort

- S2 Council will be the selection body
- Annually awarded to coincidence with Healthfest or Safety Week

S3 Initiative

- Roll out is soon (by start of Q4)
- It will run concurrent with any line organization's recognition programs (not meant to replace)
- Gift/cash, recognition plaque/certificate, & award ceremony
- The program is still open for comments
